

# Facial Recognition Panel Specification

## Features

- Combine face recognition, access control and attendance in signal panel.
- Capability to integrate with body temperature scanning devices.
- Suitable to apply in offices, hotels, entrances, malls etc.
- Centralized Admin Management Portal available

## Product Details

CPU	Hi3516CV500
OS	Linux
Storage	8G EMMC
Image Sensor	1/2.7" CMOS
Lens	4mm
Resolution	2MP @ 1920x1080
SN Ratio	>50db (AGC off)
Facial recognition height	1.2m to 2.2m
Facial recognition distance	0.5m to 3m
Recognition angle	30°
Recognition time	500ms
Recognition features	Support 20000 facial data and 100000 log
Network	RJ45 10M/100M
USB	USB port x1
Power supply	DC 12V2A
Operation temperature	-35°C - 65°C
Operation humidity	5% - 90%
Dimension	120mm x 33.5mm x 226.5mm
Weight	2.1 kg
